Address (Number, Street, City, State, and ZIP Code)

Telephone Number for Information **(770) 939-2835**

**1641 LEWIS WAY
STONE MOUNTAIN, GA 30083-1107**

Date Prepared **JANUARY 1, 2006**

Signature of Preparer (optional)

Section II — Hazardous Ingredients/Identity Information

Hazardous Components (Specific Chemical Identity: Common Name(s))	OSHA PEL	ACGIH TLV	Other Limits Recommended	% (optional)

The Occupational Safety and Health Administration (OSHA) Hazard Communication Standard CFR 1910.1200 (Right to Know) requires manufacturers of hazardous chemicals to provide their customers with Material Safety Data Sheets (MSDS) and employee training information. To ensure compliance with this law, customers have requested MSDS Forms for the products they are purchasing from our Company.

In accordance with the Hazard Communications Standard, the Insect-O-Cutor® product... Electrical Flying Insect Elimination Equipment... is defined as an "Article" under this law (lamps are on a separate MSDS). The standard defines "Articles" as follows (CFR 1910.1200, Section C — Definitions):

"Article" means a manufactured item: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which does not release, or other otherwise result in exposure to, a hazardous chemical, under normal conditions of use.

The Standard further explains that the requirements of this Standard do not apply to "Articles" (Section B — Scope and Application, Paragraph 5).

Following the intent of this Standard, the following are the major components of a finished Insect-O-Cutor® Insect Eliminator:

- Galvanized Steel with Vinyl Covering; or Aluminized Steel; or Stainless Steel; or Aluminum body and formed components;
- Screws, bolts, nuts, washers of steel or stainless steel;
- Copper insulated cords/wire and connectors of various types;
- Electrical transformers and ballasts;
- Plated metal grill and grid;
- Black Light Lamps (covered under a separate MSDS).

Insect-O-Cutor® has a firm commitment to comply with the law. However, the Company is not required under the Hazard Communications Standard CFR 1910.1200 to provide MSDS Forms for its products. Completion of this form does not constitute an acknowledgment of its application to the IOC® product.

Section III — Physical/Chemical Characteristics

Boiling Point	NOT APPLICABLE	(N/A)	Specific Gravity (H ₂ O = 1)	NOT APPLICABLE	(N/A)
Vapor Pressure (mm Hg.)	(N/A)		Melting Point	(N/A)	
Vapor Density (AIR = 1)	(N/A)		Evaporation Rate (Butyl Acetate = 1)	(N/A)	
Solubility in Water	(N/A)			(N/A)	
Appearance and Odor	(N/A)				

Section IV — Fire and Explosion Hazard Data

Flash Point (Method Used)	(N/A)	Flammable Limits	LEL	UEL
Extinguishing Media	(N/A)			
Special Fire Fighting Procedures	(N/A)			
Unusual Fire and Explosion Hazards)	(N/A)		(N/A)	

(Reproduce locally)

OSHA 174, Sept. 1985

F5

Section V — Reactivity Data

Stability N/A	Unstable		Conditions to Avoid
	Stable		
Incompatibility (<i>Materials to Avoid</i>)		N/A	
Hazardous Decomposition or By-products		N/A	
Hazardous Polymerization N/A	May Occur		Conditions to Avoid
	Will Not Occur		

Section VI — Health Hazard Data

Route(s) of Entry:	N/A	Inhalation?	Skin?	Ingestion?
Health Hazards (<i>Acute and Chronic</i>)		CARE SHOULD ALWAYS BE TAKEN TO PREVENT SKIN LACERATIONS THAT COULD BE CAUSED BY IMPROPER HANDLING OF SHARP EDGES AND/OR CORNERS ON METAL/STEEL-CONSTRUCTED EQUIPMENT.		
Carcinogenicity:	N/A	NTP?	IARC Monographs?	OSHA Regulated?
Signs and Symptoms of Exposure		N/A		
Medical Conditions Generally Aggravated by Exposure		N/A		
Emergency and First Aid Procedures		IN THE EVENT OF PERSONAL INJURY DUE TO METAL CUTS, FIRST AID SHOULD BE ADMINISTERED AND, IF NECESSARY, MEDICAL TREATMENT AND/OR ADVICE SOUGHT.		

Section VII — Precautions for Safe Handling and Use

Steps to be Taken in Case Material is Released or Spilled	N/A
Waste Disposal Method	N/A
Precautions to Be Taken in Handling and Storing	N/A
Other Precautions	N/A

Section VIII — Control Measures

Respiratory Protection (<i>Specify Type</i>)		N/A	
Ventilation N/A	Local Exhaust	Special	
	Mechanical (<i>General</i>)	Other	
Protective Gloves	AS APPROPRIATE	Eye Protection	AS APPROPRIATE
Other Protective Clothing or Equipment		AS APPROPRIATE	
Work/Hygienic Practices		AS APPROPRIATE
